

\*\*Urgent Call to Action\*\*

To all Members and Friends of SCIDC,

At long last, our bill was introduced by Representative Joan Brady in the SC House of Representatives last week. The bill number is H 3945 and we had 23 co-sponsors! That is due in large part to the efforts of everyone who attend our Design Day in March and everyone who has contacted their legislators to educate them on our profession. Thank you again for all of your hard work!

Please, *as soon as possible*, send a brief email to each of the following bill co-sponsors thanking them for their support. Our opposition wasted no time notifying their members. Numerous phone calls and emails against our bill have been received by many legislators.

Also, if your legislator is not listed, please contact them and tell them why you support this bill. Attached is the bill summary that you can attach to your email. It's not too late for them to co-sponsor. If they would like be a co-sponsor, they should contact Joan Brady directly. If they have questions regarding the bill, they should contact Hope Lanier at [hlanier@mgcconsulting.com](mailto:hlanier@mgcconsulting.com).
