Spring Golf Clinic

The fundraising committee is planning a potential SCIDC spring golf clinic. Please reply to this email if you would be interested in attending a 3 hour golf clinic so we can gauge interest. This would be open to members and nonmembers.

Myth vs. Fact

MYTH: Building codes already provide needed protection.

FACT: That is no different from suggesting that laws protect people, rendering lawyers irrelevant. While writing a set of rules is certainly an essential part of the interior design--or justice--it is also essential that consumers are confident of a designer's knowledge and understanding of those codes and how they should be implemented and enforced.

Membership

If you are interested in becoming a member, please see the membership form below. Any questions can be submitted to Membership at grassroots@cidl.org.

MEMBERSHIP APPLICATION

The South Carolina Interior Design Coalition is a not-for-profit legislative coalition whose membership activities are supported solely by individual and corporate contributions. Founded in 2007, SCIDC serves as an advocate protecting the public's health, safety and welfare through the proposed South Carolina Consumer Protection Act. SCIDC depends upon each and every member for financial support and voluntary participation at the committee level.

SCIDC is open to all interior designers and those in related fields as well as family and friends. We are an organization of concerned professionals who volunteer time, money and a lot of effort to protect our right to practice Interior Design in the state of South Carolina. All membership dues and contributions are applied directly to legislative efforts, lobbyists, legal fees, and mailings.

Your contribution does make a difference!
